

# Parking

Are you looking to reserve meters or have the busses park off-street during the festival?

You can reserve meters for a duration of time for your event. This would allow for your busses to park there during the duration of the reservation. Information can be found at:

<http://www.denvergov.org/content/denvergov/en/right-of-way-services/permits.html>

Your other option would be to seek off-street parking in the area. As many of the lots/garages in the area are not managed by us, you would need to contact the operator to check on pricing and availability. The following site has a map that you can use to check for parking lots and garages. <http://www.downtowndenver.com/getting-around/driving-and-parking>

Thank you-
